HONORATISSIMO ATQVE EXCELLENTISSIMO VIRO, GVLIELMO CECILIO,

Baroni Burghleiensi, nobilis Equestris ordinis *Garthery Sodali, Summo Angliæ Thesaurario*, & Cantabrigiensis Academiæ *Cancellario dignissimo.*

ANnus jam quintus agitur (*Nobilissime Cecili*) ex quo primùm hoc opus *Thomæ Thomasij* opera ac singulari industria confectum, in lucem sub nominis tui auspicijs fælicitèr prodijt. Dici vix potest quanto hominum studio fuerit exceptum, vt nihil aliquandò in eo genere, magis gratum omnibus atque probatum videretur. Veruntamen quod in cæteris rebus vsu venit, nihil vt simul inventum & perfectum esse possit, idem necesse fuit in hoc negotio contingere, vt omnia non essent plenè satis accuratèque descripta, sed multa partim quidem desiderarentur, partim verò etiam redundarent. Cui incommodo cùm autor ipse magna ex parte mederi in posterum cuperet, eos labores suscepit, qui ipsius valetudini parùm conducerent. Nam hac quidem vna in re adeò cogitationes omnes suas curasque defixit, vt nec tempori, nec rei familiari, nec sibi parceret, quin omnem vndique apparatum ac copiam ad hanc Spartam, quam esset nactus, locupletandam, ornandam atque honestandam conquireret. Quo suo studio & vigilantia dum propositam vitæ rationem persequitur, dum suæ consulit famæ atque existimationi, dum Reipublicæ & literis prodesse expetit, in gravissimam corporis ægritudinem incidit, atque adeò haud longo post intervallo diem suum obijt. Postquam igitur ille præclarè suo functus officio excessit è vita, mihique Typographi munus, quod ille prius sustinuerat, Academiæ beneficio esset concessum, nihil prius faciendum putavi, quàm vt librum hunc, in quo tantoperè ab eo esset laboratum, iterum, jamque tertiò typis excusum, auctiorem atque emendatiorem emitterem. Quæ quidem ad rem, cum parùm ipse meo Marte afferre possem, tamen eorum vsus sum opera & consilio, qui id efficere rectissimè posse videban-

tur. Illud verò etiam, quod erat anteà prætermissum, mihi imprimis curæ fuit, vt ad reliquum apparatum adiungeretur locorum & personarum (quæ in poëtis atque historicis vbique ferè occurrunt) brevis quædam & dilucida explicatio. Nihil est enim quod hominum studia & progressus magis remoretur, quàm istarum rerum ignoratio. Quapropter in hoc quoque genere volui, aliqua saltem ex parte, adolescentibus consultum esse, eoque magis quòd intellexi, antea opus hoc eo maximè nomine nonnullis mancum atque inchoatum videri, quod ab hac vtilitate destitueretur. Illud iam vltimum est atque omnium maximum (*Honoratissime vir*) vt hoc qualecunque sit, quod opera mea quoquo modo susceptum ac perfectum est, id tuo nomine commendetur. Neque enim fortasse deerunt, qui his meis laboribus sese opponant; contra quos censeo magnum mihi præsidium in authoritate tua esse constitutum. Si qui sunt inimici literis & Academiæ, qui nostris rationibus adversantur, eorum tamen omnis impetus, vbi in tuum nomen inciderint, facillimè repellitur. Videtur autem divinitùs id esse factum, vt ea dignitas tibi olim optimis studijs & prudentia pareretur, in qua posteà disciplinis, atque omnibus literarum studiosis magno vsui esse posses. Tibi autem valdè honorificum est, quòd quæ studia te antea fælicem alumnum habuerunt, eadem te nunc benignissimum patronum experiantur. Omnes quidem & libri & literæ ad te confluunt, te iudicem suum atque propugnatorem deposcunt, à te defensionem & confirmationem suarum immunitatum exspectant, tibi deniq; se gratias omnes atque omne officium debere profitentur. Nihil profectò ista laude potest esse divinius, quam beneficijs in Academiam conferendis, & conservanda literarum dignitate meritò es consecutus. Itaque (vt eo redeam vnde sum digressus) librum hunc authore suo iampridem orbatum, non alio quàm nomine, (quo parente suo adhuc superstite, opportunè vtebatur) confidentem, prodire jam tertiò in publicum volui. Quem, si qua soles humanitate acceperis, fatebor me magnum à te beneficium accepisse, cuius si non referenda, at saltem prædicanda gratia me non immemorem esse cognosces. Vale. Cantabrigiæ, quinto Idus Ianuarij. Anno verbi incarnati Millesimo quingentesimo nonagesimo secundo.

Tuæ amplitudinis studiosissimus
Iohannes Legate.
